

ACTIVITY | Technology Transfer

GOAL | To explore the latest innovations in technology and their application to the organization.

RELEVANT FOR

- Executive
- Middle Manager
- Supervisor

DESCRIPTION | Consider ways to use new and different technology at your organization. Find webinars or other resources discussing the use of these technology tools in child welfare.

Technology Transfer

1. What technology(ies) could improve efficiency and effectiveness at your organization?
2. What areas of your organization most need a technological boost?
3. How could you learn to use different technologies?
4. Who might act as technology champions at your organization?
5. How do your client families feel about or what has their experience been using technology to receive child welfare services?
6. Where could you go to for resources to support new technology?
7. What is your organization's policy regarding accessing the web and social media? What do you think of the effectiveness of this policy?
